PHILOSOPHY & MISSION STATEMENT

The Governing Board believes that public education is of fundamental importance to a free society and to the continued development of democratic values, individual liberty and an appreciation for cultural diversity in society. In order for education to succeed, there must be an ongoing partnership between parents/guardians, students, educators, and the community.

Within this framework, the purpose of the district is to provide the guidance and resources necessary to ensure an environment conducive to learning. However, it is important to emphasize that the goal of our educational system is not to supplant parental responsibilities throughout the learning process. Rather, it is the policy of the Board to foster parental participation in order that an educational climate is created which reinforces and fosters the positive and healthy development of the child.

The Board accepts as its primary responsibility the educational welfare of every child. The Board's first goal must be to provide each student with the basic skills necessary to participate and function effectively in society. These skills include, but are not limited to: Reading, writing, mathematical computation, verbal communication, motor skill development, decision-making and self-esteem. In addition, the Board is committed to the goal of achieving academic excellence through a program of instruction, which offers each child an opportunity to develop to the maximum of his/her individual capabilities.

Expectations for Members of the Caliente Union School District Community

The student is expected to:

- Attend school regularly and to arrive on time
- Work to the best of his/her ability through effective effort
- Promptly deliver communications from the school to parents and return any response
- Follow school rules
- Use the appropriate process to question school rules

The parent is expected to:

- Send his/her child to school regularly, on time and prepared to work
- Respond to communications from the school pertaining to his/her child
- Cooperate with school staff in solving behavioral problems
- Develop in his/her children respect for the rights, feelings and property of other people
- Support the fair, consistent administration of school rules

The teacher is expected to:

- Work with students so they understand the curriculum and expectations for learning
- Communicate that each student is important and that appropriate behavior is critical to the group/school community
- Include students in the development of classroom rules and expectations
- Know and consistently enforce the school rules and expectations
- Use appropriate consequences for age, background and level of maturity of students
- Communicate with parents and other school staff to support students with behavior issues

The principal is expected to:

- Communicate and interpret the CUSD discipline policies to students, parents and staff
- Implement specific plans for effective student, parent and staff participation in the formulation and review of the school discipline policy

- Support all personnel to maintain appropriate and effective discipline
- Provide staff assistance with serious behavior issues
- Inform teachers of administrative disciplinary actions
- Identify the lines of authority in the principal's absence so that disciplinary matters may be handled as expeditiously as possible

ILLNESS

If your child becomes ill during the school day, the school secretary and/or administrative staff will notify the parent/guardian or emergency person listed on the emergency card. If no contact is made, the administration will use common sense in dealing with the child's discomfort without the use of medication. The nearest emergency facility will be contacted for treatment if that is deemed necessary.

TRUANCY/ CHRONIC ABSENCES

Everyday attendance supports a strong academic trajectory and as such is mandated by the state of California. Students shall be classified as truant if absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. Such students shall be reported to the Superintendent or designee. Students shall be classified as chronically absent after 10 days of absences - excused or unexcused and referred to the Student Attendance Review Board (SARB) (Education Code [48260](#)) Mandatory attendance is set by the state of California. Students who miss more than 10% of the school days will be considered for retention.

INDEPENDENT STUDY

Piute Mountain School does not run a full time independent study program or home school program. Students are expected to be at school unless there is an excused absence as stated in the first day packet. The school district does

understand that at times there may be an occasion for students to be absent for travel or other reasons that would make it a hardship for students to be at school. In these circumstances a short term absence program is allowed through California Education Code for up to 15 days of absences. Please see the school secretary for the Independent Study Contract that is to be filled out and turned in prior to the absence. The students' teacher will provide the work for the student and the date of completion. Students must complete the study packets in order to receive attendance credit.

NO LUNCH POLICY

Notification by phone or written notice from the school will be made to the parent/guardian or emergency number, giving permission for their student to forgo eating lunch, either a school lunch or lunch from home. Due to health issues and family preferences, there is no sharing of lunches.

PARENT PARTNERSHIP

The full cooperation of parents and their support of the school are absolutely essential if the student is to learn to accept responsibility for his/her own behavior and to respect authority figures. We ask that you have open communication with your child's teacher and attend as many events as possible including Back 2 School Night, performances, parent/ student conferences, Open House, and awards assemblies. The principal has an open door policy and looks forward to meeting with you.

PBIS

Positive Behavioral Interventions and Supports (PBIS) is a schoolwide systems approach aimed at establishing positive student culture and individualized behavior supports necessary to create a safe and effective learning environment for all students (Sugai & Horner, 2009). The matrix below is a collaborative effort to set expectations for each student within the specific school settings within the classroom.

Anti-Bullying Pledge - Parents

We the parents of CUSD agree to join together to stamp out bullying at our school.

We believe that everybody should enjoy our school equally, and feel safe, secure and accepted regardless of color, race, gender, popularity, athletic ability, intelligence, religion and nationality.

Bullying can be pushing, shoving, hitting, and spitting, as well as name calling, picking on, making fun of, laughing at, and excluding someone. Bullying causes pain and stress to victims and is never justified or excusable as “kids being kids,” “just teasing” or any other rationalization. The victim is never responsible for being a target of bullying.

By signing this pledge, our school’s parents agree to:

1. Keep themselves and their children informed and aware of school bullying policies.
2. Work in partnership with the school to encourage positive behavior, valuing differences and promoting sensitivity to others.
3. Discuss regularly with their children their feelings about schoolwork, friendships and relationships.
4. Inform faculty of changes in their children’s behavior or circumstances at home that may change a child’s behavior at school.
5. Alert staff if any bullying has occurred.
